

Come Together

Words & Music: Rumpf/Müller/Kravetz/Bohn

Publisher: Polygram Songs/Universal

Come together all you people
Talk together

Come together all you children
Play together

In the morning, in the evening
Come together

All your lifetime, now's the right time
Go for love

We know the songs
That everybody's singing
The places where people meet

We know the parties
Where everybody's laughing
You find out where you belong

We know the power
That you and me are getting
So well, that we wanna move on

Come together all you nations
Live together
Come together, celebrations
Sing together

All the way long, happy and strong
Go for love
