

## **Down To The Wire**

Words & Music:: Randolph/Rumpf/Conti/Eckert

The race is on, the track is hot and I'm inspired  
It's gonna be just the two of us  
In times like these I never could get tired  
I checked your heart and Lord, in you I trust

Holding on to your fire  
Almost too hot to control

Comin' down to the wire  
Giving all that I've got  
Comin' down to the wire  
Feels so good at the top

Everybody said we'll never last  
But you and I we'll make it 'til the end  
We've got all the power that we need  
To stamp the competition out and win
