

Mr. Bigshot

Words & Music: Adrian Askew/Alex Conti

Publisher: Breeze Music/ Progressive/Warner/Chappell

You were the same as us - you get the credit
Know what your papa does - you get the credit
Don't have to tell us how - you get the credit
We've seen you then and now - you get the credit

When you were just a buck - our side of town
You didn't have much look - our side of town
You had to use your weight - our side of town
This we appreciate - to get around

When you first took a life - you get the credit
You grinned and cleaned your knife - you get the credit
That was the first not last - you get the credit
You had a bloody past - you get the credit

You fought hard for what you've got
You thought mean to reach the top
For every trick and every plot
You've got the credit, Mr. Bigshot
