

Wonderful World

If you read between the lines
You will see the signs

If you see the sign as I do
You might be afraid

The world has turned into a bad, cruel place
Where only money helps you to survive

Industry kills nature, creating subculture
It's getting tough to stay alive

We all got to realize
Always got to keep in mind

We are living
We are given
We all live in a wonderful world

Children dying in the streets
Longing for a home

Benefaction disappears
To the ones who're strong

Fighting, killing becomes daily thrilling
Wishfulfilling overnight

Everyone thinks of himself - no mercy
Humanity is out of sight
