

## **First Things First**

Words & Music: Inga Rumpf

To be here with you  
I had a long, long way to go  
Let me tell you something  
Yeah, something you should know

So many roads I walked  
So many tunes I sang  
But to tell you the truth  
Sometimes I didn't know how to begin

But if you love what you do  
And if you only trust your heart  
Nothing can stop you  
No way is too far

But first things first  
Step number one  
You have to learn to walk  
Before you can run

Yeah, you have to believe  
Believe in what you do  
Because there's no one else in the world  
Who is running for you

Time is a-changing  
Evolution has arranged  
There'll be other icons and heroes  
But there is one thing time can't change:

If you love what you do  
And if you only trust your heart  
Nothing can bring you down  
No work is too hard

First things first  
Step number one  
You have to learn to walk  
Before you can run

First things first  
I tell you why  
You must have made a run  
Before you can fly

Yeah, it's good to travel 'round the world for free  
And get some money, too  
But nothing, nothing in the world is greater than  
To be here with you

First things first  
Step number one  
You have to learn to walk  
Before you can run

First things first  
I tell you why  
You must have made a run  
Before you can fly
