Oh, let me tell you how - how good it is
Oh, let me tell you how - how good it is
Oh, let me tell you how - how good it is
Lying in the arms of the Lord

I wanna shout in the morning when I get up
Wanna work until midnight, no I can't stop

There's no more fight to be fought
When you're lying in the arms of the Lord

Oh, let me tell you how - how good it is
Oh, let me tell you how - how good it is
Oh, let me tell you how - how good it is
Lying in the arms of the Lord

When I'm in serious danger he makes me brave
When I will be threatened I'll feel safe

That's the power of his spirit and the thought
Lying in the arms of the Lord

Oh, let me tell you how - how good it is
Oh, let me tell you how - how good it is
Oh, let me tell you how - how good it is
Lying in the arms of the Lord
