Oh babe, I don't wanna harm you
But I don't tell no lie
I still sure love you
But it's time now to say goodbye

Well, I walked with you
This way, for a while
I loved every mile
Yeah, our love has been strong
Oh yeah, there's no doubt
You made me feel like a woman
So proud

Now I go my own way
'Cause you wanna stay
That's why I tell you this today
