

Love Is No Gamble

I was a-walking alone so long
And my mind and my feet were strong
Sometimes I was happy, sometimes I was down
And sometimes I had a man around

I was a-gambling, I lost and I won
When I was a-loving didn't know what's on
'Cause I'm not a-hustling, I like it straight
What I've got I've always paid

I don't say: "I love you" every day
If I don't love you then I go away
'Cause love is no gamble but
I can gamble all right

Don't ask me why I'm so cool
I'm in love, but I'm not a fool
I like loving and gambling still
Baby, baby, you should feel what I will
