Help me to hold on
In this record-breaking time
Help me to be inspired
Let me in your mind

Wonders are displayed
Wherever I turn my eyes
In this world here below
Far up to the skies

On the highest mountain
Heaven is not so far
One moment you are in glory
But only God makes stars
Only God makes stars

Precious are your dreams
Of love and grace
Soon be real and done
In mysterious ways

Every heart in his hand
Every word you call
Every thought and desire
Knows the one and all

On the highest mountain
Heaven is not so far
One moment you are in glory
But only God makes stars
Only God makes stars
