

## **Peace By Peace**

Words & Music: Müller/Rumpf Publisher: LVG

Piece by piece we can work it all out Tune by tune we can sing it out loud Step by step we can walk on Word by word we can talk on

Give the world rest and ease Total relief – peace by peace

Life made it so far till now Can you imagine how The world will turn in some years?

Now we dare to put nature down Are we born to wear the crown Oh, is life just fear and tears

Our hearts believe in visions Our songs spread out the mission:

Stand up! Join in! Together we'll go
