

## PLEASE, STAND BY ME

Words & Music: Inga Rumpf

I found light in the shoadow  
Shelter in the storm  
In the coldness of the winter  
You hold me safe and warm

Please, stand by me  
Whom else should I trust  
Your light shines so bright  
Can you hear my plea  
Please, stand by me

I found boats 'cross the rivers  
Steady wings to fly  
In my deepest trouble  
You keep my head up high

Please, stand by me...

In my heart beats your rhythm  
In my soul rings your chime  
My spirit is filled with bliss  
'Cause your love is mine

Please, stand by me  
Whom else should I trust  
Your light shines so bright  
Can you hear my plea  
Please, stand by me
