

## **Power And Peace**

Words & Music: Inga Rumpf  
Copyright Control

Everybody's believing  
In the Great above  
Elsewhere it's called something different  
Just call it love

You don't need to study  
It's not a mystery  
From the beginning of time  
Until eternity

Heaven is around us  
And the holy family  
Helping hands are reaching out  
To set us all free

Power and peace  
We will find  
To make the world  
Of one heart and one mind

Power and peace  
Let the angels fly  
Make the world  
Of one heart and one mind

Now it's time to have mercy  
Love's as wide as the sea  
Have kindness in your justice  
Which is more than liberty

Have a welcome for the sinner  
Have a care for the brave  
Take the service from our Saviour  
To sweeten up the day
