

What Would I Do (Without Your Love)

Heavenly mother
Heavenly father
What would I do without your love

All my friends
Standing by me
What would I do without your love

I'm reaching out
My hands carefully
In the future will be
Harmony

I went up and down
Looking for the crown
But my eyes were too blind to see

Doors closed everywhere
How could I ever dare
To leave your love behind me

You took my soul
To an upper room
To see the heaven above

Time is rolling on
Now I keep going on
What would I do without your love
It makes me strong

Time will answer me
How it could be
What would I do without your love
It makes me strong

I'm reaching out ...

Yeah, you lift me up
Right up to the top
Without you where would I be

I walk a little lighter
I shine a little brighter
When you stand by me
